

In response to a question relating to political developments in Bangladesh today

03/01/2007

In response to a question relating to political developments in Bangladesh today, the Official Spokesperson said:

“ As a friendly neighbour we are naturally interested in Bangladesh remaining peaceful, democratic and stable. The election machinery in Bangladesh should inspire confidence in its neutrality in the mind of the electorate. It is our hope that the people of Bangladesh will be able to elect a government of their own choice in a free, fair, credible and democratic election.”
